### 1. Noyers

A soft light reflects off the old stones of this hamlet. The sense of tranquility it emanates is enhanced by the presence of the Vienne, whose bright reflections illuminate the hillsides on the other bank. The alleys of this village are full of architectural and decorative treasures, the centerpiece of which is the portal of the former Benedictine Abbey, founded in the 11th century.

### 2. Nouâtre

This village owes its name to the castle that Foulques Nerra built in the 10th century on the banks of the Vienne, of which the remains of three towers are still visible. In the church, discover the altarpiece of the Passion, high reliefs sculpted in alabaster from the 15th century (visit upon request at the town hall).

### 3. Pouzay

The Notre-Dame Church, rebuilt in the 19th century, houses a square bell tower with twin bays dating from the 12th century. It is topped with a hexagonal stone spire from the 15th century
