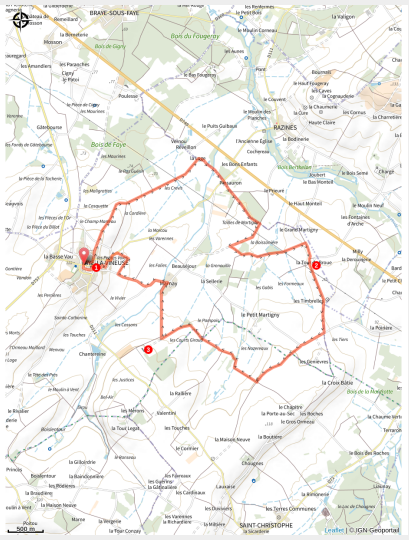
Hike around Faye-la-Vineuse

Balades et randos région de Richelieu/Ile-Bouchard/Sainte Maure

Randonneurs sous le soleil (Aurore Poveda)



Despite its turbulent history, particularly during the Wars of Religion, the village has retained much of its medieval structure, clustered around the Collegiate Church of Saint-Georges and crowned by a hill. At the foot of the village, the Château de la Grillière, a 16th-century residence refurbished in the 17th century, illustrates seigneurial life in a rural setting.
